Attached is the statement of **Congressman Rob Wittman** endorsing **Lee Anne Washington**, the Republican nominee in the Feb. 19 special election to fill the 99th Legislative District vacancy in the Virginia House of Delegates.

Congressman Wittman previously held the 99th District seat but resigned after he was elected to Congress in December in a special election to fill a vacancy created by the death of Congresswoman Jo Ann Davis.

Washington's candidacy also has been endorsed:

Lieutenant Governor Bill Bolling, a member of the Senate of Virginia before he was elected to his current post in 2005; and

State Attorney General Bob McDonnell, who was elected attorney general in 2005 after representing Virginia Beach for 14 years in the House of Delegates, serving in later years as chairman of the House Committee on Courts of Justice.

The 99th Legislative District comprises King George, Lancaster, Northumberland, Richmond and Westmoreland Counties, and Bowling Green and Port Royal precincts in Caroline County.

NEWS

FOR RELEASE: On Receipt (February 10, 2008)

STATEMENT OF:

Rob Wittman
Member of Congress
America's First District

SUBJECT:

Endorsement of
Lee Anne Washington
Republican candidate in the 99th Legislative District for
the Virginia House of Delegates

I am honored to offer my full support to Lee Anne Washington to serve as our next delegate from the 99th District.

Lee Anne is a principled leader who has the necessary skills and experience to get things done for us in Richmond. Lee Anne is a small business owner who understands the importance of a healthy, sustainable economy that will lift up hard-working families. As a local elected official, she knows how to craft responsible public policy and knows the importance of building and maintaining strong local-state government relationships.

Lee Anne's steadfast support for limited government, lower taxes and strong family values will make her an excellent addition to the General Assembly.

I look forward to working towards Lee Anne's successful election on February 19.
